Heads of 148 Roads, Called to Consider Plan to End Strike

Meet in New York Tuesday, Cuyler Announces After Conference With President

No Definite Plan

Harding Has Made No Specific Request Regarding Question of Seniority Rights

(By The Associated Press.)

Washington, July 27.—A meeting of executives of the 148 major railroads of the United States will be called in New York next Tuesday to consider a plan for settling the strike now in progress, T. DeWitt Cuyler, chairman of the Association of Railways Executives, announced tonight after a conference with President Harding.

Mr. Cuyler added, however, that "no definite basis" for a strike settlement was ready to be placed before the meeting. His conference with the President tonight, he said, had been devoted to a general survey of the situation.

While Mr. Cuyler was positive in his statement that the basis for proposed settlement of the strike had not been definitely drawn up, earlier reports indicated that at least a tentative plan had resulted from the conferences held during the day between President Harding and leaders of the various railroad labor groups.

President Harding has made no specific request to the railroad executives, Mr. Cuyler said when asked if the question of seniority rights had been brought forward at the conference with a view to influencing some railroads to reconsider their stand against returning these rights to striking shopmen.

The executives' chairman said he was unable to foretell whether action in the strike situation would be held in abeyance until the New York meeting. The four-day delay was necessary, he explained, in order that representatives of railroad management might all get to the meeting place.

Strike Leaders Confer.

The strike leaders held a brief conference at their hotel before going to the White House, the heads of the six international unions meeting with

with William H. Johnston, president of the International Association of Machinists, another of the labor organizations involved in the strike. Mr. Jewell participated in the conference only for a few minutes just before it adjourned. A. O. Wharton, member of the labor group of the railroad labor board, who accompanied the leaders to the capital, took part in neither the union conference nor the meeting with the President.

All of the strike leaders maintained absolute silence regarding their visit to Washington prior to seeing the President, even refusing to say whether they came at the invitation of Mr. Harding or upon their own initiative.

The union chiefs who conferred with the President in addition to Mr. Jewell and Mr. Johnston included Timothy Healy, president of the firemen's organization; J. W. Kline, president of the blacksmiths; J. K. Franklin, president of the boilermakers; K. B. Nolan, general secretary, announced tonight. The association is composed almost entirely of iron ore, coal and grain freight ships and does not include the passenger boats of the Great Lakes. About 4,000 sailors are included in the union.

Sailors' Union Favors Strike.

Chicago July 27.—Ninety-four percent of the membership of the sailors' union of the Great Lakes has voted in favor of authorizing the executive committee to call a strike on the ships of the Lake Carriers' Association. K. B. Nolan, general secretary, announced tonight. The association is composed almost entirely of iron ore, coal and grain freight ships and does not include the passenger boats of the Great Lakes. About 4,000 sailors are included in the union.

PRINTERS PLAN TO FORM CLUBS AGAINST "CROOKS"

Glen Falls, July 27.—Formation of clubs as a protection against "crooks" and promoters of fake schemes and worthless stocks was endorsed today by delegates attending the 26th annual convention of the New York State Allied Printing Trades Council in session here. The plan as outlined to the delegates provides for the formation of the clubs within unions or shop groups.

The following officers were elected: President, Peter Brady of New York; secretary-treasurer, John J. Martindell of Troy.

SOUND STEAMER SINKS; ALL ABOARD ARE SAVED

Seattle, Wash., July 27.—The steamer Hyack, outward bound, collided with a Puget Sound passenger steamer Callista, near West Point, about eight miles from Seattle, this morning. A wireless message from the master of the Hawaiian Maru said "all hands saved" but asked that tugs be sent immediately.

Later it was learned that the Callista, heavily laden, sank within ten minutes after the accident. All the Callista's passengers and crew were saved.

SALESMAN ROBBED OF \$20,000 WORTH OF UNSET DIAMONDS

Newark, N. J., July 27.—Held up by a lone bandit on Chestnut street today, Lorenz Collin, was robbed of unset diamonds valued at \$20,000. Collin, who is employed as a salesman by his father, W. L. Collin, a Fifth avenue gem merchant, was on his way to Theodore Merz jewelry company plant, carrying the diamonds in a small bag under his coat. As he walked under the Pennsylvania railroad bridge, the bandit suddenly stepped out, pointed a pistol, and ordered him to throw up his hands.

LEGION TRACK MEET

New York, July 27.—The American Legion today issued a call for entrants in the Legion track meet and games which will be held in Syracuse September 22, part of the proceeds from which will go to the veterans' mountain camp at Tupper Lake. Competitions will be held during August in each legion district in the state to sift the field for the Syracuse meet.

The leaders at Syracuse will be eligible to compete in the legion's national meet at New Orleans in October.

In Car Strike

Street car crews frequently have to clear the track of old bobs, dirt and miscellaneous junk in the street railway strike at Buffalo, N. Y.

COAL MINING ON INCREASE

13,083 Cars Loaded Monday, Indicating Favorable Reaction to Government Efforts

OFFICIALS HOPEFUL

Believe Federal Emergency Control of Distribution Will Stimulate Production

Washington, July 27.—Favorable reaction to the government's efforts to stimulate coal production despite the miners' strike was seen today in figures assembled by the railroads showing that 13,083 cars of coal were loaded on Monday at operating mines as compared with 8,860 cars last Saturday, and with a daily average of 10,914 cars during the six working days previous to Saturday.

The statement asserted that "men who are now working have claims upon the railroads and the public superintendents to those of the strikers."

A second statement issued by the executives tonight said that western railroads with headquarters in Chicago report transportation conditions continue to be "practically normal."

A large majority of roads, the statement said, continued to handle more freight business than a year ago and all reported increases in the number of shop workmen employed.

Charles D. Signer, assistant general manager of the Delaware, Lackawanna and Western, reported to police today that explosives placed in a bottle of milk on his front porch blew off his right thumb when he started to carry the bottle into the house. Signer, who is 62 years old, said the incident occurred yesterday morning. It was not reported to the police until today.

Canadian Shopmen Aroused.

Montreal, July 27.—Canadian shopmen employed by the Grand Trunk railway are being practically forced to declare an immediate strike because that system is "determined" to keep repairing engines and cars sent to its shops by lines in the United States whose repairmen are on strike, said an announcement today by R. J. Tallon, president of division No. 4, railway employees department of the American Federation of Labor.

Syracuse Man Attacked.

Syracuse, July 27.—Rex Westfall, 215 Terrace street, Elect Syracuse, mistaken for a strikebreaker was attacked and beaten by striking railroad shopmen in the New York Central yards at Dewitt at 6:30 this morning. Westfall was rendered unconscious and lay on the tracks. He was found by track walkers later and taken home. He has a deep gash in his scalp and severe bruises of the body. Whether or not he had been injured internally has not been determined.

Concord, N. H., July 27.—Five shots were fired in a skirmish between New Hampshire National Guard troops guarding the Boston & Maine railroad shops in the city and a band of unknown assailants late tonight.

St. Louis, July 27.—Early settlement of the miners' strike in Illinois was declared to be "a dead issue" to night following the adjournment of the miners' state executive board after a brief session in which the chief business, it was announced, was the calling off of a state convention at Peoria August 2, called yesterday.

FUNERAL OF BISHOP GRIMES TO BE HELD NEXT TUESDAY

Syracuse, July 27.—Funeral services for Right Reverend John Grimes, bishop of the Syracuse diocese of the Roman Catholic church, who died here last night, will be held at 10 o'clock Tuesday morning. From Sunday afternoon until the time of the funeral the body will lie in state in the Cathedral of the Immaculate Conception, of which he had been pastor since 1889.

Most Reverend Patrick J. Hayes, archbishop of New York, will participate in the solemn high requiem mass and the sermon will be preached by Right Reverend Joseph H. Conroy, bishop of Ogdensburg.

ARGENTINE GOVERNMENT TO FLOAT \$225,000,000 LOAN

New York, July 27.—The Argentine government's intention to float a loan of \$200,000,000 pesos, approximately \$225,000,000 at the normal rate of exchange, was revealed today when two local banking syndicates announced their intention of submitting bids, which will be opened at Buenos Aires at noon on Saturday.

The Guaranty Trust company will head one syndicate and Blair & Company and the Chase Securities corporation will jointly head another. The National City company may head a third syndicate. London bankers also are believed to have been invited to participate.

ENGLISH MINERS TAKE NO ACTION ON U. S. STRIKE

London, July 27.—The executive committee of the miners' federation met in London this evening but did not discuss their attitude toward the American coal strike, being occupied entirely with matters concerning home affairs.

Frank Hodges, secretary of the miners' union, said after the meeting that the question of preventing British coal going to the United States during the strike possibly would be considered by the executive committee on Friday.

Glacier Park, Mont., July 27.—Dr. Frank B. Wynn of Indianapolis, nationally known as lead in mountain climbing activities in the United States, was killed in a fall from a cliff here today while at the head of a party ascending Mt. Siyah.

STATE GRANGE HEADS IN IMPORTANT CONFERENCE

Syracuse, July 27.—Called together for the first time in history of a "master conference," the heads of every state grange from Maine to California meet here tomorrow for a two-day session called by Sherman J. Lowell of Fredonia, master of the National grange, for consideration of matters that hold tremendous importance for American agriculture.

Master Lowell, with several state masters from the Far West, arrived tonight and immediately went into conference on the program. Pending formal action by the masters, no statement concerning probable developments was forthcoming.

PALMER ENDORSES WAR CLAIMS PLAN

Former Alien Property Custodian Upholds Underwood Bill at Committee Hearing

Washington, July 27.—The Underwood bill to create an American commission to adjudicate American war claims against Germany and Austria and to pay such claims out of seized enemy alien property was endorsed by A. Mitchell Palmer, former attorney general and alien property custodian, today before a senate judiciary sub-committee.

Mr. Palmer, and another former alien property custodian, Francis P. Garvin, now head of the Chemical Foundation, and the present alien property custodian, Thomas W. Miller, appeared before the sub-committee today at the opening of hearings on the bill.

The Underwood bill, Mr. Palmer declared, is entirely feasible and an entirely proper method under the treaties and the trading with the enemy act, of disposing of this enemy alien property.

Government officials generally expressed satisfaction with the showing and in some quarters it was predicted that with the Federal machinery for emergency control of coal distribution which was set up today production would be further stimulated.

State Co-operation Awaited

With the federal machinery for emergency control of coal distribution completed by President Harding's appointment of a central committee of departmental heads, the government today looked to the states for the necessary cooperation to put the scheme into effective operation.

Immediately after being named chairman of the governmental committee yesterday, Secretary Hoover at the request of the President, asked state governors to set up the necessary organizations in each state for insuring equitable distribution and the maintenance of fair prices for coal under the administration's plan. This organization, he said, was to accept responsibility for all distribution within the boundary of each state except to railroads.

At the same time the co-operation of the several transportation regulatory bodies was requested by Interstate Commerce Commissioner Atchison, another member of the committee, in facilitating priority orders for shipments of coal and necessities.

While the government thus prepared to distribute to the best advantage the coal supply which continues to fall under the combined effect of the coal and rail strikes, President Harding again suggested that those on strike return to work while the reasonableness of their demands was being threshed out by agencies set up for that purpose.

St. Louis, July 27.—Early settlement of the miners' strike in Illinois was declared to be "a dead issue" to night following the adjournment of the miners' state executive board after a brief session in which the chief business, it was announced, was the calling off of a state convention at Peoria August 2, called yesterday.

Mlle. Porquet, Who Sues Rothschild for \$500,000, Avoids New York Publicity

New York, July 27.—Mlle. Marie Porquet, the French girl who has sued James Henri de Rothschild, member of the French family of bankers, for \$500,000, alleging breach of promise to marry her, has left America, it was learned today. Her departure was a surprise to William K. O'Connell, one of her attorneys, and he was apprised of it only after she was almost a full day at sea, when he received a letter which she wrote before sailing.

The letter to Mr. O'Connell said that she was leaving because she feared publicity which she knew would follow the announcement of her suit.

Knowing that announcement of the suit would be bound to come out about noon yesterday, Mlle. Porquet took passage at the last minute on the steamer France, bound for Havre. She went aboard just before it sailed. She was so late signing on that her name did not appear in either the printed passenger list or the shore manifest of the ship.

The letter to Mr. O'Connell said that she was leaving because she feared publicity which she knew would follow the announcement of her suit.

PREMIERS' CONFERENCE ON REPARATIONS IS DELAYED

London, July 27.—In answer to a question in the house of commons, Prime Minister Lloyd George said tonight that the conference to be held in London on the subject of German reparations was in abeyance owing to the ministerial crisis in Italy. The premier stated that barring the Italian crisis, Premier Poincaré would be in London next week. Mr. Lloyd George promised to make a statement on the question of reparations and inter-allied debts next week.

BORDEN COMPANY ANNOUNCES INCREASE IN MILK PRICES

New York, July 27.—An increase of one cent a quart on all grades of milk effective August 1, was announced today by the Borden Farm Products company. Grade B milk will sell at 16 cents and Grade A at 18 cents a quart under the new scale.

The increase was attributed to the recent change in the schedule of the Dairymen's League which added little more than a cent a quart to the former price, the announcement said.

DR. FRANK B. WYNN, NOTED MOUNTAIN CLIMBER, KILLED

Glacier Park, Mont., July 27.—Dr. Frank B. Wynn of Indianapolis, nationally known as lead in mountain climbing activities in the United States, was killed in a fall from a cliff here today while at the head of a party ascending Mt. Siyah.

Street car crews frequently have to clear the track of old bobs, dirt and miscellaneous junk in the street railway strike at Buffalo, N. Y.

BENNY LEONARD DEFENDS TITLE

Champion Earns Narrow Shade in 12-Round No-Decision Bout With Lew Tandler

A GREAT STRUGGLE

Challenger Furnishes Interesting Combat Before Crowd of 90,000 Fight Fans

Ringside, Jersey City, July 27.—Benny Leonard, world's lightweight boxing champion, successfully defended his title against Lew Tandler of Philadelphia in a 12-round no-decision bout at the ringside, a narrow shade in the great struggle.

The challenger, a left-hander, furnished the champion the most interesting combat he has had since he turned back Willie Ritchie some years ago. Tandler, starting with great confidence and skill, carried the fight to the champion. He pummeled Leonard with stiff lefts to the body and sharp rights to the head and jaw and brought blood to the champion's nose early. It appeared in the first four rounds that Tandler was to have things all his own way.

Then Leonard, called "the sharpshooter," steadied himself and began to fight to find a mark. He carried the fifth, sixth and seventh rounds in a burst of speed and looked himself. In the seventh round, his mouth bumped Tandler's shoulder and he lost a false tooth.

The eighth found Tandler on the aggressive again, after taking a hard right to the jaw and another under the heart. He fought Leonard at close quarters and swung a number of hard lefts to the jaw. Leonard's knees sagged and he clinched to save himself. From then on, the champion took few chances.

The ninth was an even round and in the last three Leonard appeared to have a shade. When it was over, the champion, battered more, perhaps, than he has been in any bout since he won the title from Freddie Welsh in 1917, said:

"These southpaws are hard to solve."

It was estimated that 90,000 people attended the fight and that the receipts were \$400,000.

ROUND-By-ROUND STORY OF BOUT AT JERSEY CITY ARENA

"THE FRENCH GIRL" IS SAILING AWAY

Mlle. Porquet, Who Sues Rothschild for \$500,000, Avoids New York Publicity

New York, July 27.—Mlle. Marie Porquet, the French girl who has sued James Henri de Rothschild, member of the French family of bankers, for \$500,000, alleging breach of promise to marry her, has left America, it was learned today. Her departure was a surprise to William K. O'Connell, one of her attorneys, and he was apprised of it only after she was almost a full day at sea, when he received a letter which she wrote before sailing.

NATIONAL LEAGUE AMERICAN LEAGUE

GIANTS SMOTHER CARDINALS.

Found Four Pitchers for 12 to 7 Victory, Their Third Straight.

New York, July 27.—The New York Giants made it three straight over St. Louis today, winning by a score of 12 to 7. Four Cardinal pitchers were smothered under an avalanche of hits. Bancroft, Rawlings and Kelly leading the attack with three each. Bancroft had an odd record, scoring each time in the first four innings. Stock featured for the losers, driving in six runs with two home drives. John Stuart, former All-state star, started for the Cardinals but was taken out after pitching to three batters.

R H E
St. Louis 4 0 2 0 0 0 0 0 0 — 7 6 1
New York 2 1 4 1 0 0 0 1 0 — 12 18 3

Batteries—Furtur, Perica, North Sherdel and Clemons; Alasmith; J. Barnes and Smith, Snyder.

BOSTON DEFEATS CHICAGO.

Winning Run Comes On Powell's Triple With Two Out in Tenth.

Boston, July 27.—In a heavy hitting game, Boston defeated Chicago, 8 to 7, in 10 innings today. The winning run came with two out in the tenth when Powell tripled and scored on Nixon's single to right. Ford not only made five hits, including two doubles, out of his times at bat, but fielded brilliantly, as did Hollister. Christenbury replaced Cruise when the latter was injured sliding into the plate in the first inning. He made a home run and two singles.

Chicago 0 0 2 0 4 1 0 0 0 — 7 14 1
Boston 1 0 0 1 0 0 5 0 — 8 18 1

Batteries—Aldridge, Cheever and O'Farrell; Marquard, Oeschger, Miller and O'Neill.

SEVENTH INNING RALLY.

Philadelphia Makes It Three Straight

Over Cincinnati, 6 to 5.

Philadelphia, July 27.—A seventh inning rally in which six runs were scored enabled Philadelphia to make it three straight over Cincinnati today, the score being 6 to 5.

Williams' 15th home run of the season with Meadows and Parkinson on base gave the locals the victory.

Cincinnati 0 0 2 0 3 0 0 0 0 — 5 7 1
Philadelphia 0 0 0 0 0 6 0 0 0 — 8 2

Batteries—Keck, Luque and Hargrave; Meadows and Henline.

Pittsburgh at Brooklyn, rain.

MAHADY APPLIES WHITEWASH

Unadilla Star in Wonderful Form and Slugging Athletics Win from Sidney, 8 to 0—Contest Interesting Despite Lopsided Score.

Unadilla, July 27.—"Pop" Bell's Unadilla Athletics experienced no difficulty in shutting out Fred Burchall's Sidney nine here today, 8 to 0. Jim Mahady was on the mound for the Athletics and allowed the Sidneysites but three scattered hits. Not a Sidney man reached third and but three were privileged to visit the middle hashcock. Fletcher, Burchall's latest addition to the Sidney pitching staff, started the game but was pounded out of the box at the beginning of the fourth after five hits had been secured, netting a quartet of runs. Manager Burchall replaced him but the slugging Athletics could not be stopped.

Unadilla started their run getting in the first innins when they netted two runs on singles by Babe and Gilhooley and a double by Byrnes. Four more runs were added in the fourth on singles by Kenting, Steiner, Mahady and Gray and a base on balls. In the seventh another man was pushed across the pan on one base driven by Byrnes.

The next run was gotten in the fifth. Ryan was given a life when Farrell threw into the dirt. Eoche was passed, making two on. Dugan bunted the ball, Wiltse going after it, but the runner would have beaten the throw had it been right. Ryan saw the ball going high over first and tried for the plate, being caught with no trouble at all, much to the astonishment of the runner. When the pill went for the millrace, it landed directly into the hands of Bridwell who was going over to back up the first-sacker and of course there was nothing to it when he threw to the plate.

The play took most of the spectators by surprise. Simendinger hit a slow one toward third, scoring Roche and being fielded too slowly to get any of the other runners. Doherty succumbed to twisters. Jinks sent to him and Flynn was out, Sinstack to Alexander.

That was the last hit they got, but not the final run. In the eighth Doherty, first up, waited while the count got three-two and then waited some more walking to first and stealing second, scoring on the wild pitch of Wiltse's which went into the dugout.

While the Giants had men on in several innings, it remained until the seventh to put across their initial hit. Alexander, first up, hit the ball out of the reach of both the pitcher and second sacker. Farrell and Bridwell were out on fly balls and McCarthy forced Alexander at second.

With two down in the next round, Purcell got a bingle to Kopf. The ball was to the right of the fielder and he just managed to get in front of it. Then Hatch got a safe crack across the diamond into left, but Hermann's effort was a dy which Flynn held as it neared terra firma.

MILFORD THIS WEEK.

Ladies' Aid Meeting—Residential Improvements—Norton Place Sold.

Milford, July 27.—The Ladies' Aid society of the Methodist church met at the home of Mrs. Clara Platt Tuesday afternoon with about 30 in attendance. Refreshments were served at the close of the business session. The afternoon was much enjoyed.

Several New Porches.

Several improvements are being made to South Main street property this week. A new porch has just been completed at the residence of Mrs. Nora Strong and another is going erected at the residence of Alex Van-Dyke and one at Mrs. Sarah McRorie's. William C. Byard is doing the work.

Buys Joel Norton Place.

D. A. Trinkino purchased the Joel Norton place on the Middlefield road Monday. Mr. Trinkino will repair the house and offer the place for sale later.

Completes Course at Albany.

Miss Madeline Hall completed her course at the Albany business college last week. She arrived in town Saturday to spend a short time at the home of her father, William Hall, Jr., before taking a position.

Returns From Syracuse.

Mrs. D. L. Sayre, who recently underwent an operation at a Syracuse hospital, has so far recovered as to be able to return to her home here Sunday. She was accompanied home by Mr. and Mrs. T. Morecroft and Miss Vinyia Spencer, who returned to Syracuse Monday.

SEASON TICKETS ONLY \$2.

First Program in Schenevus Community Chautauqua Saturday Night.

Schenevus, July 27.—The first program of the Schenevus Chautauqua will be given on Saturday evening, July 29th. The price of admission

at each evening entertainment is seventy-five cents and at each afternoon program, fifty cents. By paying single admissions the seven performances will cost \$4.50. The price of a season ticket is \$2.00 for an adult and \$1.00 for a junior. It is the sale of season tickets that helps the community put on the Chautauqua. If you have not bought yours, do your bit and help the community and yourself.

The Sunday Services.

Sunday morning at 10:30 there will be a union religious service in the Chautauqua tent. Rev. Mr. Scobey of the Baptist church will be the preacher.

At the Methodist church there will be Epworth league service at 6:30 p.m. Mrs. Philip Briggs will be the leader. A large attendance is desired as this is the last Sunday of the contest between the leagues of Worcester and Schenevus.

Mt. Vision Church News.

Mr. Vision, July 27.—Rev. D. E. Myers, pastor of the Methodist church leaves Saturday for Ocean Grove, N.J., where he will enjoy a few days' vacation. There will be no services in the church Sunday morning, but in the evening Rev. Mr. Yale is expected to preach. Mr. Yale will preach in the Baptist church Sunday morning.

Numerous local church people expect to motor to Sidney Sunday to attend the Epworth League Institute. Imogene Ackley and Perry Field go as delegates. Adrian Mather has engaged a cottage at the camp grounds and has his family there.

Guild Meeting at Otego.

Otego, July 27.—On account of the Chautauqua, which is held the first three days of next week, the Guild will meet with Mrs. Ehrnfelds, Thursday afternoon, August 3d, instead of Wednesday, as first planned. All ladies of the parish cordially invited.

The ladies of Immanuel church will hold a bake sale, August 5th, in front of W. D. Van Dewater's office.

last, one of the big white trucks of the Franklin Oil company caught fire and was completely destroyed.

Birth.

A son was born Monday, July 24, to Mr. and Mrs. Bert Constable.

Ice Cream Social.

There will be an ice cream social and apron sale on the Methodist church lawn on Friday evening of this week. All are invited.

Real Estate Changes.

Charles Ostrander has sold his house in this village to Walter Payne, who will take possession September 15. Moody Sanford will take possession of the Payne farm at the same time.

Making Repairs.

The home of Mrs. A. C. Page on Lower Main street is undergoing extensive repairs in the interior. Charles Serrey and A. T. Wightman are the carpenters.

Has His Arm Broken.

Charles Barnes, who occupies the James Brundage place between Franklin and Otego, had his arm broken last week while trying to crank a Ford car.

Other Franklin Notes.

Rev. Mr. Cuff of the Bible Training school of Johnson City occupied the pulpit of the Baptist church last Sunday evening at the union service. Several of the young ladies of this place are attending the summer conference at the Bible Training school at Bible School park, Johnson City. Mr. and Mrs. Julius Miller of Binghamton were guests on Sunday of Mr. and Mrs. George Smith. Caesar Mackey and family are on an auto trip to Flint, Mich., to visit his brother, Harvey Mackey.—Mrs. Mac-

"On my last birthday, eight months ago, I had another close call. We had just finished dinner. My stomach began to hurt me, a minute later I lay unconscious. Three doctors worked on me. I was soon with a doctor whom I came to. The next week, telling a friend about it and he advised trying Mayr's Wonderful Remedy. Since taking a course of it, I am now in full health again. I have no more pains or aching and am feeling better than for ten years." It is a simple, harmless preparation that removes the cause of many diseases. It cures all the ails—the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at druggists everywhere.

Advt. it.

MERIDALE NEWS NOTES

Meridale, July 27.—Rev. O. L. F. Mohr of New York city, will occupy the pulpit in the Presbyterian church Sunday morning.—Ely Wright and family of Walton visited relatives here the past week.—Gurney Hamm, who has been quite ill, is somewhat improved and has gone to his son's home at Davenport Center.—Fred Reynolds of Treadwell was a caller in town Wednesday.—Mrs. Lulu Strickland is having her house wired for electric lights.

Miss Taber Given Shower.

West Oneonta, July 27.—On Wednesday afternoon Miss E. Ruth Taber, a member of the faculty of the East End school, was given a surprise shower. She was invited to spend the afternoon at the home of her cousins, the Misses Jessica and Grace Taber, ostensibly to assist in celebrating the birthday of her aunt, Mrs. R. C. Bilderbeck. On her arrival she found some 34 of her more intimate friends assembled. She was guided by a ribbon on entering the home to a table, whereon was placed a choice array of gifts, including linen, pyrex, cut glass, hammered brass, gold coin and other gifts. The afternoon was delightfully passed. Among the guests were Miss Lillian M. Slade and Mrs. Francena Ryan of the East End school; Mrs. Lynn Horton of Cortland and Mrs. Florence Powers of Norwich. The event was in anticipation of her marriage to Lynn St. John, scheduled for early August.

Old papers for shingles and floors, 10 cents per bundle of 50, at The Star office.

Jugglers in Olden Days.

Our word "juggler" comes to us from the Latin "joculator," which means a "jester" or "player of tricks." Among the Romans there were many kinds of jugglers. One sort, called "acetabulari," used little pebbles with which they performed wonderful tricks. Another kind known as "ventilatores" were the same as our modern knife-throwers. A third variety was known as "pilari," or ball players. All of these varieties of jugglers exhibited their skill at the "ludi" or public games of Rome.

IS TREASURE HOUSE

Abyssinia Is Wonderfully Rich in Natural Resources.

Persian Consul General to the United States Tells of Visit to Country—Present Rulers Willing to Receive Foreigners.

New York.—Gen. H. H. Topakyan, Persian consul general to the United States, who has recently visited the rulers of the Near East, as well as Europe, gives the following account of his experiences in Abyssinia:

"During the lifetime of King Menelik Abyssinia was a closed country to the outside world. Now everything is different. Raz Tafari reigns in his stead."

"I have recently been the guest for two months of this crown prince and his mother, the queen of Abyssinia and daughter of King Menelik."

"This royal descendant of the queen of Sheba is advanced in years, and affairs of state devolve upon Crown Prince Raz Tafari, a very broad-minded, smart young man of thirty-six, who is likely any day to succeed his mother on the throne. The crown prince is highly educated and speaks many foreign languages fluently."

"While King Menelik was afraid of white people and never gave concessions to anyone, Raz Tafari is willing to have foreigners come into Abyssinia and develop the mines, minerals, railroads, manufactures and agriculture of his domain. In the world today I have not seen any such opportunity for profitable investment as Abyssinia affords. The country is a perfect treasure house of gold, silver, copper, coal and precious stones and immense quantities of bicarbonates. Its wealth in petroleum cannot be estimated, and it is also a great farming and cattle country. On the luxuriant meadows of Abyssinia I saw cows which sold for \$10 that would bring at least \$150 in the United States."

"On my arrival at Addis-Ababa and the palace of this ancient empire of Abyssinia I was presented to the queen, who was gowned in green and yellow silk—royal colors of the country—and who sat on her throne or state. On her head blazed a crown of diamonds that cost \$8,000,000. On each side stood 300 or 400 slave girls, robed in white, each one carrying a beautiful fan with which she fanned the queen. Long earrings hung beside every comely brown face and anklets of pure silver adorned their feet. They were a wealthy, wonderful type of girl, many of them like statuary in their symmetry, and the sight of several hundred bright-hued fans waving in unison from the white clad ranks formed a scene of unusual beauty."

"Of all the scenes which made my two months' sojourn in Abyssinia a period of daily interest and wonder, the one which impressed me most was the ceremony of homage which was paid by the governors and troops of Abyssinia to their monarch. Twenty thousand troops assembled near the palace and sang songs in honor of the queen and prince. Then followed an al fresco feast in the palace grounds. It was the weekly tribute of respect which Abyssinia kings exacted and from which no governor was willing to be missed."

"Fundamental in eliminating deaths from accidents drowning is the fact that every bather should know how to swim. Many persons who have never taken time to learn to swim come to disaster when, in seeking escape from the hot weather, they fall into treacherous holes and drown before help reaches them. The rock the boat's pest would have fewer tragedies to his credit if more of his victims knew how to handle themselves in water."

"Following are the rudiments of water safety which every swimmer and canoeist should keep in mind:

Don't for Swimmers.

Don't swim on a full stomach. (Wait at least two hours after eating.)

Don't swim if overheated.

Don't swim until exhausted.

Don't swim if you have heart trouble.

Don't dive without accurate knowledge of the depth of the water.

Don't struggle if caught in a swift current or undertow. (The force of the current will bring you to the surface.)

Don't wade into the water with the arms above the head. (You will not be ready to stroke if you step into a hole.)

Don't lean backward when wading into the water. (Always be ready to fall forward.)

Don't fall to learn Red Cross life saving and resuscitation methods. (Be capable of saving yourself and your companion.)

Don't cry for help in fun. (You may sometime need help and not get it.)

Don't go in swimming alone unless you are an expert.

Warnings for Canoeists.

Don't go canoeing if you can't swim. It is not necessary to pull into the waves back of a steamboat to show that you can handle a canoe.

Paddle quickly to the shore if you have a passenger who thinks it funny to rock the only foundation between you and death.

It might as well be repeated for the millionth time—be satisfied with the seat you took when you started.

If you do capsize, don't try to climb back into the canoe; not many can do it.

Do not grab for anybody's neck. When the canoe rises just lay your hands on it, and rest.

A paddle will do just as well. By holding a paddle before you in the water you can keep afloat until help comes.

Keep a cool head. If you can't do this stay out of a canoe.

"Chaurleur" a Fireman in French.

The word "chaurleur" means firemen or stoker in French, and because the early cars were steamers and required two men to operate them, the French termed the operators the "mechanician" and the "chaurleur"—the "mechanic" and the "fireman."

Remove Smoke From Kettles.

An easy way to remove smoke stains from kettles is to rub them first with kerosene, then hold the kettle under the water faucet until the kerosene has been washed off, and wash with a little warm water and soap.—Thrift Magazine.

Cigarette

It's toasted! This one extra process gives a rare and delightful quality—impossible to duplicate.

DANGERS IN 'OLE SWIMMING HOLE'

Timely Warning Issued by National Safety Council.

YEARLY DEATH TOLL HEAVY

Every Summer Brings an Alarming Number of Deaths From Drowning, Chiefly Due to Accidents to Persons Who Are Not Familiar With Simple Rules—The "Rock the Boat" Pest is Responsible for Many Summer Tragedies.

"There are dangers as well as pleasures in the 'ole swimming hole' that should be observed by every one seeking recreation at the beach and bathing pool this summer," says Fred M. Roseland, chief of the public safety division of the National Safety council, in urging swimmers of the nation to exercise special caution during the vacation season.

"It is estimated that 7,000, and more, persons drown in the United States yearly. Every summer brings with it an alarming toll in deaths from drowning—chiefly through accidents to persons who are not familiar with a few simple rules. Lack of knowledge of resuscitation methods is another cause of loss of life which might otherwise have been avoided.

"Fundamental in eliminating deaths from accidents drowning is the fact that every bather should know how to swim. Many persons who have never taken time to learn to swim come to disaster when, in seeking escape from the hot weather, they fall into treacherous holes and drown before help reaches them. The rock the boat's pest would have fewer tragedies to his credit if more of his victims knew how to handle themselves in water."

Following are the rudiments of water safety which every swimmer and canoeist should keep in mind:

Don't for Swimmers.

Don't swim on a full stomach. (Wait at least two hours after eating.)

Don't swim if overheated.

Don't swim until exhausted.

Don't swim if you have heart trouble.

Don't dive without accurate knowledge of the depth of the water.

Don't struggle if caught in a swift current or undertow. (The force of the current will bring you to the surface.)

Don't wade into the water with the arms above the head. (You will not be ready to stroke if you step into a hole.)

Don't lean backward when wading into the water. (Always be ready to fall forward.)

Don't fall to learn Red Cross life saving and resuscitation methods. (Be capable of saving yourself and your companion.)

Don't cry for help in fun. (You may sometime need help and not get it.)

Don't go in swimming alone unless you are an expert.

Warnings for Canoeists.

Don't go canoeing if you can't swim. It is not necessary to pull into the waves back of a steamboat to show that you can handle a canoe.

Paddle quickly to the shore if you have a passenger who thinks it funny to rock the only foundation between you and death.

It might as well be repeated for the millionth time—be satisfied with the seat you took when you started.

If you do capsize, don't try to climb back into the canoe; not many can do it.

Do not grab for anybody's neck.

When the canoe rises just lay your hands on it, and rest.

A paddle will do just as well. By holding a paddle before you in the water you can keep afloat until help comes.

Keep a cool head. If you can't do this stay out of a canoe.

OUR SHRINKING DEPT.

The year ending June 30 witnessed a material decrease in the national debt of the United States. Drastic governmental economies together with the adoption of a comprehensive refunding scheme worked out by Secretary of the Treasury Mellon have borne satisfying fruit.

The nation's net saving for the twelve months was \$1,014,068,844, and the public indebtedness now stands at \$32,563,381,780 as against \$33,977,450,558 at the close of the previous year. The trimming, for the most part, was in Treasury Certificates, Victory notes and Liberty bonds, the redemption totals being respectively \$870,785,450, \$1,922,749,859, and \$153,791,600. The Treasury department's practice of buying government obligations in the open market has, of course, played a large part in these economies.

These large decreases in the public debt, however, are offset in some measure by the volume of Treasury Notes issued—total of \$1,326,404,750 for the year. These notes were issued to make possible the taking up of a considerable portion of the Victory Loan notes. One issue of them was put out during the year ending June 30, 1921. Four more issues in the last year were quickly subscribed and they now command a substantial premium. The United States still lags behind the United Kingdom and the Dominion of Canada in the meeting of wartime obligations, but it has made great gains in the last three years. The peak of the debt, reached August 3, 1919, was \$26,598,701,740. Reductions now amount to \$3,533,319,940 and further savings in principal and interest are promised. It is understood that part of the Victory loan may be taken up again in December and, of course, the remainder can easily be handled when it matures next May.

It is good news, all around.

PROPER CORNER-CUTTING.

Cutting corners when it means wearing an unsightly foot-path across a stretch of green law is a vice, but cutting corners when it is done to the street curbs themselves at intersecting streets is another story.

When a motorist must swing out toward the middle of the street, as he tends to do in turning a sharp corner, the danger of collision with cars coming from the opposite direction is increased. If the apex of the corner is removed and the curb remodeled to a flattened curve, the driver in making the turn keeps closely to the side, lessening the chance of accident. In one municipality where curbs have been improved thus a check was kept before and after the work was done. It was found that the number of mishaps was appreciably less after the removal of the corners.

Aside from its value as a safety measure, the rounding curve at the street intersection is more artistic than the sharp angle, giving a look of space and grace which is in line with modern ideas of civic beautification. It is not too much to predict that within a very few years the sharp-edged street corner will have vanished practically everywhere.

PLACES FOR NEW OFFICERS

Examinations to Fill 1,700 Second Lieutenant Vacancies Held Next Month.

Examinations are to be given during the week beginning August 13th to fill the vacancies for 1,700 second lieutenants which now exist in the regular army. There are openings in all branches of the service except the Chaplains corps, Medical corps, and Judge Advocate General's department.

It is stated at the headquarters of the Second Corps area at Governor's Island, N. Y., that all applications for the examinations from New York, New Jersey, and Delaware are to be submitted to the commanding general of the Second Corps area. All candidates must be citizens of the United States and at the time of appointment must be between the ages of 21 and 30.

Preliminary examinations are to be conducted by the corps area officials and will consist of an inquiry into the physical, mental, and moral qualifications of the candidates to determine whether they have the requisite qualifications to justify their proceeding with the final examination.

Those eligible for appointment under the law are warrant officers and soldiers of the regular army of two or more years service, reserve officers and members of the enlisted reserve, national guardsmen of commissioned or enlisted grades, and graduates of certain technical institutions designated by the secretary of war.

Any civilian who passes the preliminary examination may become eligible to take the final examination by entering the organized reserves or the National guard either as an officer or an enlisted man. Every effort will be made by the army officials to avoid inconvenience and unnecessary expenses to the applicants.

A Precedent.

Only precedent we can think of for minority rule is in the case of the pork in a can of pork and beans.—*Toledo Blade*.

There is nothing in the constitution to keep a man from making a fool of himself but it gives him no authority to drag other folks into Canton News.

A labor leader in New York has been sent to Sing Sing for stealing \$26,000 from his union, which had collected it from non-union workers for permission to work on "union jobs." The union was not entitled to the money, but neither was the leader.—[Buffalo Express]

COMMENTS OF THE PRESS

The Puritan.

We have ascribed to the Puritan a sombre and provincial mind, and not without reason. The Puritan was as harsh as the winds toward anything not in keeping with what he thought godly living to be.

But the Puritan was no crabbed misanthrope who hated life for the sake of hating. And he has given to America the finest gift of any racial strain that has contributed to our civilization, namely, the Puritan inheritance.

Puritanism was in its day a deliberate choice. It was a philosophy and religion in itself.

The Puritan had seen libertinism in the old world, so he said Better no pleasure at all than the kind that lead to spiritual and moral ruin.

He had learned to hate the kind of laughter that is born in blasphemy and obscenity, so he would not laugh at all.

He loathed the kind of drama that was a mask for lewdness, and therefore renounced all forms of play.

He hated a vice just so he would not eat at all.

He knew the seductions of impure art, and decided to have no kind of art whatever.

There was method in his madness, and we his successors are richer by far because of Puritanism. Modified as it is today, and wisely so, yet it is the single outstanding trait in the American people that all visiting observers from across the sea agree, is unique in us alone.—[Utica Observatory-Dispatch].

What Is a One Arm Man?

The question looks simple, doesn't it? Yet it is proving perplexing to some of the authorities of Kansas City. They have an ordinance which prohibits a one arm man from driving an automobile on the streets. This law is in the interest of the public, and is intended to safeguard the people and vehicles using the streets. The officials say that a man driving, with one arm around his girl, is a one arm man within the purpose and intent of the law. They hold that the man hugging his girl with one arm as he drives is more dangerous than the one physically incapacitated by the loss of an arm.

They argue that the latter would likely be giving his attention to the problem of driving while the man with one arm around his girl would be giving most of his attention to the girl. Therefore, they hold, the law should be enforced the more rigidly against the man who hugs as he drives.—[Albany Times-Union].

A Difficult Art.

"Did you have any trouble learning to play the saxophone?" I asked a young man who is proficient on that deadly instrument.

"Yep," he replied, jazzyly. "I got a load of birdshot in me, an' I lost two teeth. But it was easy after I took to practicin' in the woods."—[Chicago Tribune].

What It Means.

"Un-American," as commonly used, means anything objectionable to the American who is speaking.—[Boston Herald].

Aid to Navigation.

It has remained for Chairman Lester to discover that a bar is an aid to navigation.—[Boston Transcript].

NEW RULES NOTARIES PUBLIC

Governor Miller Announces Recommendations for Appointees.

Governor Miller in a statement issued this week announces that the appointments of notaries public will hereafter be much more stringent. Under the former arrangement, he says, much litigation has followed when notaries through carelessness or lack of understanding or otherwise have taken affidavits or acknowledgements in an irregular manner.

In his statement he continues: "No appointment to the office of notary public will be made, except in cases of re-appointments, or when an applicant is an attorney admitted to the bar of this state, unless the appointment is recommended by a judge or justice of a court of record."

Need Judge's Recommendation.

Under the old regulations recommendation by two attorneys was all that was required. The new regulation means that an application for appointment of notary, made to the governor, must be signed by a judge of a court of record personally, and also that there will be some inquiry as to the qualifications and ability of the applicant carefully and faithfully to perform the duties before approval is given. In accordance with this regulation new blanks have been prepared and will be forwarded to applicants. It is explained that in cases of renewals of appointments, recommendation by judges or justices will not be required.

In the instructions to be sent to notaries and applicants for appointment, it is stated that an acknowledgment is declaration by one who has executed a document to the effect that the execution is his act and deed so that the document may be given in evidence without further proof and to make the document a recordable instrument.

Notaries are urged in the instructions to show the correct venue in taking acknowledgments and are informed that "it is a crime for a notary public to take an acknowledgment of anyone whom he does not know and who does not come personally before him and acknowledge his signature."

Penalty Provided.

Notaries are directed that acknowledgments must not be taken over the telephone, must not be signed in blank and that acknowledgments to instruments which are incomplete must not be taken.

Included in the instructions are sections of the penal law which apply to their work and which states that an officer who wilfully certifies falsely is guilty of forgery. Section 105 of the executive law, which provides that for any misconduct in the performance of any of his powers, a notary public is liable to the parties injured for all damages sustained by them, is also quoted.

SOUNDING BY SOUND

Ingenious Electrical Device for Charting Sea's Bottom Invention of Harvey C. Hayes, Former Oneontaian.

Two Oneonta boys have written their names large on the history of cartography which is the making of maps and charts. One of these is Sherman Fairchild, whose aerial camera, the result of long and patient research, has been to such extent perfected that maps taken from an airplane flying over any stretch of country at great speed vastly exceeds any others ever made in accuracy of outline. The other is a device for mapping the sea's bottom, and it is the invention of Harvey C. Hayes, whom many in Oneonta will very clearly remember as a former student of the State Normal school, and who is now with the United States naval experiment station at Annapolis. His device, concerning which there is an editorial of considerable length in a recent number of the Outlook, enables a ship at high speed, which need not be slackened, to plot the location of land beneath the ocean waves, and to determine the location of submarines, valleys, plains, hills, and mountains which lie anywhere in the ship lanes between continents.

In a recent voyage of the United States destroyer Stewart from Newport to Gibraltar, a trip which occupied nine days, over nine hundred soundings were taken at frequencies ranging from two to twenty minutes. By them the outline of the bottom of the sea was minutely recorded and was found to be an extensive plain, bordered by mountains and table lands, some of which rose four thousand feet above the plain. Several deep depressions not previously charted were discovered and positive data was secured where mariners' charts showed only negative data in the vicinity of the Azores.

The device uses a sound transmitter in combination with a sound receiver and depends for its operation upon the reflected echo of a signal given off by the vessel's sound transmitter being reflected back again by the ship's receiver, the interval required for the passage of the sound from ship to sea bottom and back again, determining the depth of the sea.

Mr. Hayes, who graduated from the Oneonta State Normal school in 1900, taught for several years at Otego and later entered Harvard university, graduating in the same class with Seth T. Gano, his companion also at the Normal. Following his graduation from Harvard he taught for several years and at the outbreak of the World war tendered his services to the navy. The offer was gratefully accepted and his devices at that time made it possible to detect the location of submerged submarines and unquestionably resulted in the saving of thousands of lives. He is now physicist for the navy department at the Annapolis station, where his services have proved invaluable. His many friends will be interested in this latest contribution to the sum of scientific invention and discovery.

Will Supply U. P. Pulpit.

Rev. W. T. Mabon of Dayton, Ohio, is visiting his brother, John T. Mabon, on the Plains and will supply the pulpit of the United Presbyterian church in this city at both morning and evening services on Sunday.

WHEREAS, the Board of Education by an affirmative vote of its members, resolved that an extraordinary expenditure of forty thousand (\$40,000) dollars, or so much thereof as may be necessary, ought to be made for the benefit of the city, and to purchase a site and build a school building in the sixth ward in the city of Oneonta, at a cost of five thousand (\$5,000) dollars, or so much thereof as may be necessary, and to erect a suitable public school building at a cost of thirty-five thousand (\$35,000) dollars, or so much thereof as may be necessary, and WHEREAS, the Board of Education duly delivered thereinafter a copy of such resolution and estimate of such cost and expenditures to the Mayor and Common Council;

Whereas, the Common Council of the city of Oneonta thereafter called a special election of the electors of said city to vote for and make such appropriation, and

Whereas, said election was held on the 12th day of May, 1922, and the electors of the city of Oneonta duly voted for the same, and the results thereof have been declared and certified by the Common Council pursuant to the provisions and manner prescribed in compiling such special election and therefore be it resolved,

Resolved, that the city of Oneonta, by its Common Council, issue eight (\$8) school bonds of the denomination of one hundred (\$100) dollars each to provide for the payment of such appropriation and improvement that such bonds be numbered consecutively, to be dated and bear interest at the rate of five (5) per centum per annum from the first day of July, 1922, payable semi-annually on the first day of January and July of each year until paid; that the principal of such bonds shall be paid as follows:

Nos. 431 to 440 inclusive for Five hundred dollars each payable July 1, 1922.

Nos. 441 to 450 inclusive for Five hundred dollars each payable July 1, 1923.

Nos. 451 to 460 inclusive for Five hundred dollars each payable July 1, 1924.

Nos. 461 to 470 inclusive for Five hundred dollars each payable July 1, 1925.

Nos. 471 to 480 inclusive for Five hundred dollars each payable July 1, 1926.

Nos. 481 to 490 inclusive for Five hundred dollars each payable July 1, 1927.

Nos. 491 to 500 inclusive for Five hundred dollars each payable July 1, 1928.

Nos. 501 to 510 inclusive for Five hundred dollars each payable July 1, 1929.

Resolved, that the city of Oneonta, by its Common Council, issue eight (\$8) school bonds of the denomination of one hundred (\$100) dollars each to provide for the payment of such appropriation and improvement that such bonds be numbered consecutively, to be dated and bear interest at the rate of five (5) per centum per annum from the first day of July, 1922, payable semi-annually on the first day of January and July of each year until paid; that the principal of such bonds shall be paid as follows:

Nos. 511 to 520 inclusive for Five hundred dollars each payable July 1, 1930.

Nos. 521 to 530 inclusive for Five hundred dollars each payable July 1, 1931.

Nos. 531 to 540 inclusive for Five hundred dollars each payable July 1, 1932.

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

And be it further resolved, that the principal and interest shall be payable at the office of the City Clerk, and that a sufficient tax shall be annually levied and collected in addition to the amount of tax otherwise to be raised, for the purpose of paying the principal and interest on such bonds as the principal and interest shall become due as above set forth;

LOCAL MENTION

Walton versus Giants at Neahwa Park at 3:30.

The Federated Shop Crafts will hold a joint meeting in strike headquarters in the Laskaris block this morning at 9 o'clock.

Depressions in the pavement on Main street from Otsego street east to the city line are being filled by city workmen, motorists are noting with satisfaction.

Work on the Chestnut street pavement is progressing satisfactorily and it will not be many days before the street will be open on both sides its entire length.

Ronan Gets A Corner.

It leaked out yesterday that Edward M. Ronan was the individual who has secured a corner in the Oneonta tub market. As Mr. Ronan was out of the city last evening, The Star was unable to obtain any statement from him, but it was understood from usually reliable sources that the corner was necessary to assure plenty of vehicles for the tub race to be one of the features of Goodyear Lake field day, August 7th. Already one of the poles for the greased pole race had been set, since it is expected that Alfred Carr will ride "Fuzzy" up for the affair, and be an active participant in the sports of the day.

It was also learned that Mayor Miller had received a challenge from Mr. Ronan to a flat-bottomed boat race for the championship of the lake. But the Mayor is said to have expressed a decided preference for a motor boat race. Perhaps an even more exciting affair than either of these races may grow out of their difference of opinion. Anyway, those who decide to take in Goodyear Lake field day August 7th, are to have a memorable time.

City Officials at Binghamton.

Mayor C. C. Miller, City Engineer Frank M. Gurney and Park Commissioners Louis C. Gurney and Edward Ronan were in Binghamton yesterday in conference with Mayor Thomas Wilson and City Engineer W. Earl Weller of that municipality in regard to the swimming pool proposition which has given local officials so much anxiety during the past few weeks. The men were taken on a tour of inspection of Binghamton's recreational facilities and discussed the question of proper disinfecting of swimming pools at some length. The trip will doubtless prove an aid in the settlement of the local question.

Large Tuberculosis Clinic.

Nineteen cases were examined at the regular monthly tuberculosis clinic held yesterday afternoon at the Community house under the supervision of Dr. F. L. Winsor. There were eight new cases reported as follows: not tuberculosis, four; inactive cases, two; suspected case, one; Incipient tuberculosis, one. Of the nine cases from other clinics, five were discharged and four found to be improved. There were two ex-sanatorium cases remaining well. The August clinic will be held at the Community house from 1 to 5 p. m. on August 31.

Benefits for Shop Crafts.

Through the generosity of Manager Ed. R. Moore and Owner O. S. Hathaway, all performances at the Oneonta theatre on Monday and Tuesday next will be benefits for the Federated Shop Crafts of the city. The Crafts to get fifty per cent. of the proceeds. Manager Moore has arranged attractive programs for the two days with Charles Ray featured on Monday and Poll Negri on Tuesday. Members of the crafts will start a house to house canvass today to sell tickets for the benefit.

St. James' Guild Meets.

The members of St. James' Episcopal church met in large numbers yesterday afternoon at 2 o'clock in the parish house. This was a most important session. The following committee was appointed to meet next Wednesday evening and confer with the rector as to the best means of soliciting funds for the new parish house soon to be built: Mrs. Frank Miller, Mrs. Fred Dibble, Mrs. Harry Goldsmith and Mrs. George L. Boeckes.

County Bankers to Meet.

The Otsego county bankers will hold their mid-summer meeting at the Country club in this city on Saturday at 1 p. m. It is expected that fully 75 representatives of the financial institutions of the county will be in attendance. An interesting program of informal talks and discussions is being arranged.

Meetings Today.

Regular meeting of P. P. Cooper organization, No. 112, I. O. O. F., in I. O. O. F. temple this evening at 8 o'clock.

Regular meeting of Oneonta circle, No. 248, P. H. C. in B. R. T. hall, at 8 o'clock. Installation of officers. Secretary.

Opposes Ship Subsidy.

The ships subsidy bill is, in the language of the senator from Mississippi, "abominable."

"At the beginning of the war," the senator said, "we found we had an insufficient number of ships. Transportation and shipping rates were high. So we spent money lavishly, expending \$3,000,000,000 on our merchant marine, and making it second only to that of Great Britain. The shipping board, which has the power to sell these ships without advertising them, receiving bids or going through any other formality. They now estimate that they can get \$200,000,000 for the ships it cost us \$2,000,000,000 to build.

Then, having sold them for a song,

LAWS NOT PARTISAN

When Finally Enacted, Declares Senator "Pat" Harrison Last Night

ASSAILS TARIFF MEASURE

Brilliant Young Mississippi Senator Delivers Closing Lecture at Chautauqua — Forces Settlement of Present Strikes When Pride Has Been Satisfied—Forceful Address, But One With Partisan Trend—Chautauqua for 1923 Assured.

Oneonta's Chautauqua came to an end last evening after a most successful series of lectures and entertainments, fully sustaining the high standard of the Redpath company. Oneonta patrons have nothing but pleasant recollections and much of profit as a result of the week and will have keen anticipations for 1923. Superintendent Tooz early last night announced that the requisite number of guarantors for the coming year had been secured. The statement was greeted with cheers.

Doubtless there were those in the audience last evening who were inclined to look upon the address as partisan in nature. The fact should not be lost sight of that the Chautauqua aims to be educational and it evidenced its broad policy in securing Senator Patrick Harrison of Mississippi, minority leader of the upper house, to take the place of Senator Willis of Ohio, who was announced but who had been called to Washington for a couple of weeks on important matters demanding his attention.

Then too it was but natural that in discussing the subject announced, "The Questions of the Hour," the senator should touch upon matters before congress and voice his personal views. The address was forceful and instructive and it is well for us of conservative New York, quite in sympathy with staunch protective policies to a large extent, to be given the viewpoint of the opposition and its thought arousing power was much greater, quite probably, than would have been an address by one more completely in accord with administration policies.

In opening his address, Mr. Harrison said that inasmuch as his time is largely employed in watching the Republicans in the senate, it was quite natural that he should enjoy coming into the north and addressing a gathering where Democrats are reputed to be nearly as scarce as Republicans are in Mississippi. He paid tribute to Senators Wadsworth and Calder, said that he had known former Congressman Fairchild in Washington for years and considered him a personal friend, and also had come to know Congressman Clarke and to esteem him highly.

Senator Harrison assured his hearers that partisanship has less influence upon legislation than those who read the papers are quite likely led to believe, and stated that most important legislation has the united effort of both parties to perfect it and that 99 per cent. of the legislation enacted is not tainted by partisanship. He admitted that at times it looks as if the senate never would get started and when it does start it looks as if it would never stop. However, he declared himself a firm opponent of any restriction or debate upon questions pertaining to the welfare of the nation.

Later in his address, which was illustrated by many apt incidents in his own life in Mississippi many of them relating to negro constituents, he proved clever in reciting in negro dialect, he devoted some time to illustrating how little incidents influence great events and often determine government policies and the future of the nation. He cited the answer to a simple question forced from Stephen A. Douglass by Abraham Lincoln during the senatorial contest in 1858 which Lincoln lost, yet which a year later won for him the presidency. Of the suppressed telegram from Woodrow Wilson withdrawing from the race for the Democratic nomination for president 12 years ago, which suppression resulted in his nomination and how the failure of Charles Evans Hughes to confer with Senator Hiram Johnson in California lost him the vote of California and the presidency and still later of the acts of Senator Lowden's representatives costing him the Republican nomination for the presidency.

Pending Measures Discussed.

The tariff bill, the ships subsidy bill and the soldiers' bonus bill were discussed thoroughly by the speaker. Concerning the first, he expressed it as his belief that the passing of the present tariff bill, with a rate higher than that country ever dreamed of, would virtually constitute an embargo. It would build a wall around his country, and Europe, owing us \$11,000,000,000, which she can never pay in gold, cannot get her goods in in part payment. Not that this country should be overrun by cheap goods imported from foreign nations, but the things we really need should be brought in under a rate of tariff high enough to protect American manufacture, but not prohibitive.

Opposes Ship Subsidy.

The ships subsidy bill is, in the language of the senator from Mississippi, "abominable."

"At the beginning of the war," the senator said, "we found we had an insufficient number of ships. Transportation and shipping rates were high. So we spent money lavishly, expending \$3,000,000,000 on our merchant marine, and making it second only to that of Great Britain. The shipping board, which has the power to sell these ships without advertising them, receiving bids or going through any other formality. They now estimate that they can get \$200,000,000 for the ships it cost us \$2,000,000,000 to build.

HAS GOOD INTENTIONS

Congress Trying to Conduct Nation's Business with Efficiency and Dispatch, Senator Harrison Tells Rotary Club.

Senator "Pat" Harrison of Mississippi, minority leader of the senate, told the Rotary club of Oneonta at its weekly luncheon yesterday noon that congress is endeavoring to conduct the nation's business on efficient, business-like principles with both parties acting in unison on practically all important matters not affected by political policies, that "pork-barrel" legislation is a popular fancy of cartoonists and nothing else, and that all the legislators in Washington work for the good of the nation regardless of what administration is in power and to whom credit is given for work accomplished.

Referring to the capital and labor dispute, Senator Harrison strongly emphasized the need for organizations of both capital and labor to pick leaders amenable to reasoning who will not be antagonistic to representatives of the opposite side that they are unable to sit down at the same table and thrash out a just solution of the problems. Until such leaders head organizations of capital and labor, he said, lasting industrial peace is improbable.

The address, while a brief one, struck a clear note in the two issues of federal expenditures and industrial unrest, and delivered in the masterful style of the Mississippi senator it greatly impressed the Rotarians and guests present. Superintendent Teoz introduced the speaker with a few humorous remarks. Vice-President David H. Mills presided at the meeting. Visiting members from other Rotary clubs included Charles E. Young of St. Augustine, Fla., Ernest Wheelock of Syracuse and A. L. Gilmore and Jack Winters of Binghamton.

IT'S WALTON HERE TODAY

Farrell's Sluggers Will Match Skill With Giants at Neahwa Park at 3:30.

Jerome Farrell's Pets from Walton, way over in Delaware county, will be the attraction at Neahwa park this afternoon. The Waltons have the edge on the series to date with two games won out of three played and the Giants have a chance today to make the score even up. Another reason why Bradwell is anxious to win today's encounter is that the team has never yet had a losing streak extending into three straight defeats and he figures this a good time to keep up the precedent.

The strength of the Walton team is well known to local fans. Farrell has a bunch of sluggers who have raised havoc with twirlers on vicinity teams lately and pitchers who have proved their mettle in many a hard fought game. Probably Lynch will be on the mound for Walton and the choice for the Oneonta moundsmen seems to lie between Prangley and Scanlon, with the former the better bet to start the fracas.

"Uncle Tom's Cabin."

There never has been so lavish and adequate a production of "Uncle Tom's Cabin" as that which John E. Stowe will offer amusement lovers at Oneonta on Tuesday, August 2.

The scenes which are large enough to fill the most spacious stage could not be easily improved. Those representing the Ohio river in winter, the rocky pass in which George Harris protects his family, the St. Clare plantation, the levees at New Orleans, the cotton fields in full bloom, and the "Celestial City" are all most notable effects. Each pictures the reality as closely as paint and canvas will permit and the stage prospecting is so big that the effect is exceptionally pleasing. The company is also worthy of the environment. One grand night performance only at the big tent on Wilson flats.

Fresh fish? Yes, we have them. Come to Ellis Market, 102 Main Street. If you wish delivery call 396-W.

Two furnished rooms. Only men need inquire. References required. J. E. Friery, 64 Dietz street. Advt. 1w

KIDDIES REIGN SUPREME

Members of Junior Chautauqua refuse to Grant Premier Honors to Ringling When It Comes to Staging a Circus—Their Magic Circus Pleases Large Crowd—Man in the Moon Acts as Ringmaster—Poster Prizes Awarded.

The Man in the Moon, Highland Lassies and Humpty Dumpty drew record crowds at the big tent yesterday afternoon. The feature of the afternoon's entertainment was the "Magic Circus," presented by the local kiddies who have been drilling faithfully for the past week under the direction of Miss Helen Davies, junior supervisor, and Miss Lulu M. Hill, assistant. The whole afternoon entertainment was monopolized by the kiddies who formed a large part of the audience and manifested their complete approbation by long drawn "oh's" and "ah's" as the ringmaster, Mrs. Edna Belle Kuhn, introduced the "acts."

Her first appearance was heralded by a series of crashes after which she came forward attended by the moonbeams, Elizabeth Taylor and Dorothy Shear. She explained that she was the man in the moon, and had no intention of visiting the earth until she found herself in Oneonta, where she had been buried by an unruly comet. Under her direction the other members of the "troupe" appeared, also announced by crashes. The Highland Lassies arrived first and with bagpipes and drums charmed the audience into a very receptive mood. Then came the "educated" giraffe, led in by animal trainer Martin Belfield. Then followed a rapid succession of bears (Ernest Littlefield and Preston Van Deusen), performing monkeys (Stuart Butler and Edward Fay), boxing kangaroos (Paul Munson and Edwin Jocelyn), a kicking smile (Melrose Hall), frisky rabbits (Mary Breeze and Cora Breeze), gentle cats (Lulu Burs, Sylvia Belfield and Betty Barn), fierce lion and raging tiger (Elton Murkiss and Clifton Tammott). Following the animals came the snake charmer, Helen Rowe, who seemed to have no trouble in subduing a very dangerous looking twelve foot "snake." Two dwarfs and their brother, a giant, (Thomas Breeze, Edgar Bush and Robert Youmans) demonstrated how easy it is to forget to grow or neglect to stop growing.

The audience was breathless with surprise at the appearance of a whole half-dozen of Charlie Chaplins (Stewart Mackey, George Anderson, Billy Holmes, Roger Perry, Hubert Parker and Archie Tippie.) Three trapeze artists "walked a tight rope" performing all the known tricks of the trade. (Alice Burs, Myrtle Munson and Esther Steere.) Five very funny clowns delighted the audience (Morse Brimer, Phillip Parker, Edward Choate, Wirt Lewis and Harry Perry.) Little Japanese Maidens (Susan Littlefield, Marjorie Steere, Katherine Hamilton, Laurette Ournette and Evelyn Waters) danced the dance of their "native" land. There followed a gypsy dance by Dorothy Carr and Frances Cornwell, an Irish dance by Frances Hodge, Bessie Dykeman, Helen Barber and Dorothy McClellan, a Greek dance by Gladys Thomas, Marion Pashley, Virginia McCarthy, Mary Newkirk and Evelyn Frear, and Scotch dance by the Highland Lasses.

The finishing touch was given with the introduction of Humpty Dumpty, (Mr. Ray Law), a very engaging clown who was very successful in promulgating his "health laws" in his own peculiar way, to the delight of the children.

The finale was a grand march led by the Highland Lassies in which all members of the troupe joined. The prizes for the poster contest were announced at this time. The first prize, a fountain pen, goes to Edwin Jocelyn. Paul Munson received the second prize, an Eversharp pencil.

The work done with the members of the Junior Chautauqua by Miss Davies and Mrs. Kuhn, with Miss Lulu M. Hill as assistant and Stuart Pratt as pianist, has been very successful, and

SIXTEEN KIDDIES PLACED

Rotary Club Effort to Find Vacation Places for Fresh Air Children Meeting with Success—Be a "Good Neighbor."

Sixteen "kiddies" from New York's sun-baked tenements are assured two weeks filled with the "thrills that come once in a life-time." Eleven generous hosts in the vicinity of Oneonta are making it possible for ten girls and six boys to enjoy life for the first time in a healthy atmosphere where fresh air, fields, and nature's beauties abound and where the foul air and endless clamor of the slums is absent.

But more are coming than just the 16 already spoken for. One week more is given for the "good neighbors" of this community to request this opportunity of doing a good turn for the boys and girls of the metropolis who haven't had their chance to enjoy what nature intended all should participate in. And the compensation these hosts will receive in the greater joy of giving a taste of real happiness to be deprived youngsters of the big city, is too much of an inducement for sympathetic hearts to avoid.

Only partial reports were made at the Rotary club luncheon yesterday as to hosts secured for the youthful protégés of the Tribune's Fresh Air Fund, and assurances were given the committee that next Thursday's reports will treble the list at least. Also, there are a number who are considering the entertaining of children who have not yet decided.

August 15 is the date the youngsters will be brought here for their first two weeks' vacation in the country. Boys and girls between the ages of 5 and 12 will be brought here by the fresh air fund, which furnishes transportation, clothing if needed, and proper medical examinations.

No liability is placed on hosts except those of meals and lodgings and a good time for the youngsters for two weeks.

Those desirous of entertaining these needy children, or of obtaining more information about the movement, are requested to get in touch with Everett Hicks at the Chamber of Commerce offices by letter or telephone, 828.

The hosts and hostesses of the fresh air children who have been reported to date are: Mrs. Katherine Blend, Mrs. M. E. Barstow and Mrs. Earl Barney of West street road; Mr. and Mrs. Lowell S. Huntington of Otego road, and Mr. and Mrs. O. T. Loucks of Davenport Center, two children each; Mrs. Emerson Rogers and Mrs. Floyd Barlow of Cooperstown, Mr. and Mrs. J. M. Fawcett and Mr. and Mrs. C. A. Blum of Otego road, Mr. and Mrs. Ansable of Winnie Hill road, and Mr. and Mrs. Fred B. Carr of Oneonta, one child each.

Burial of Charles H. Swart.
The body of the late Charles H. Swart was brought to Oneonta Thursday morning from Waterville, where it has, of course, already passed the house, and will come before the senate after the present tariff bill is passed. "I don't know how it will come out in the senate," the speaker said. "I do know that if President Harding were to take a stand in which he promised to veto it after its passage, it would pass the senate—a whooping, for then they could all shift the burden to his shoulders. But the chief executive has not made public his stand in the matter, and unless he does, the vote is sure to be close. My own opinion is that we should pass it and pay it with part of the interest of our war debts. I, for one, shall never vote for a sales tax to pay the bonus with, for a sales tax is only a consumer's tax, which would come as a heavy burden to all hard working individuals in the country. I am unalterably opposed to cancelling all part of the war debt owed to us by European countries.

Americans Too Intolerant.

The soldier bonus bill, Senator Harrison believes, is still very undecided. It has, of course, already passed the house, and will come before the senate after the present tariff bill is passed. "I don't know how it will come out in the senate," the speaker said. "I do know that if President Harding were to take a stand in which he promised to veto it after its passage, it would pass the senate—a whooping, for then they could all shift the burden to his shoulders. But the chief executive has not made public his stand in the matter, and unless he does, the vote is sure to be close. My own opinion is that we should pass it and pay it with part of the interest of our war debts. I, for one, shall never vote for a sales tax to pay the bonus with, for a sales tax is only a consumer's tax, which would come as a heavy burden to all hard working individuals in the country. I am unalterably opposed to cancelling all part of the war debt owed to us by European countries.

Americans Too Intolerant.

Turning his attention near the close to the strikes of coal miners and railroad workers, Senator Harrison expressed a conviction that we Americans are too intolerant to give fair consideration to the opinions of others. There is a key to the situation and both sides should be represented by reasonable fair minded men who will gather around the council table and endeavor to reach an adjustment, each side giving as it expects the other to give. He expressed inability to understand why some employers do not appreciate the advantage of having its labor well paid, contented and happy and why labor often ignores the necessity of having the business which afford them employment prosperous and capable of meeting reasonable wage demands. One moment he counseled labor to select careful thoughtful leaders and not the hot-headed radical ones and an instant later suggested that it is impossible to reduce wages and at the same time continue conditions which keep the cost of living in the clouds. Public opinion will condemn either side that is unreasonable and unwilling to consider the public rights. The key is to be found, and it will, it is my firm belief, he said, when both sides have sufficiently displayed their boasted willingness to fight, and appreciating the seriousness of the situation, settle down to serious negotiations for a settlement.

Prior to the address the Highland Lassies gave a musical prelude with some pretty dancing. Eric Senator Harrison had ceased speaking the tent crew were at work lowering the big canvas and this morning at 5:20 the tent and paraphernalia will be loaded aboard a special car and will leave at that hour for Wolcott, the next town assigned to Supt. Toaz and his very capable and courteous crew.

The Junior work this year has been on a most pretentious scale. The "Magic Circus" is one of the finest entertainments ever given by and for the kiddies, and everyone who took part in the work is to be congratulated.

Can You Beat This One?

A basket of 30 bulldogs was exhibited at The Star office last evening by C. E. Shaffer, Arthur W. Mead and J. R. Mead, who caught the fish at Portlandville. Twelve of the specimens weighed at least two pounds apiece. The men consult their catch the best to be brought into the city in some time and doubtless few will gain on them. It is certain that the water has rarely seen so many fine bulldogs in one catch.

Boy Scout Library Started.

A library has been started at Scout headquarters with some 30 volumes donated by Ralph S. Wyckoff and others. Contributions of boy's books will be gladly welcomed by Commissioner Biederman, who is striving to make the headquarters a real club for the Scouts. A regular library system will be installed whereby cards will be issued to the boys and they will be permitted to take books home.

Celebrates Fifth Birthday.

Master Junior Dils entertained 12 of his young friends on Wednesday afternoon at the home of his parents, Mr. and Mrs. Charles Dils of 27 Gulf avenue, the occasion being the lad's fifth birthday. Games, delicious "eats" and all the trimmings of an enjoyable party were in evidence, including many remembrances for Junior.

Albert Hutson spent yesterday in Delhi. Dr. and Mrs. M. L. Ford returned yesterday from a motor trip to Addison.

Mr. and Mrs. Walter M. Goldsmith are spending a two weeks' vacation at Lake George.

Charles D. Townsend was in Endicott yesterday attending the races of the Orange county circuit.

Mrs. Howard Warner of Afton was a recent guest of her son, Hayes Warner, 35 Grand street.

Mrs. Jennie Whittaker and daughter, Miss Ethel, are spending the week at Uncas on Lake George.

Mrs. Andrea Fallon is a guest this week of Mr. and Mrs. W. J. LaReau at their cottage on Canadraga lake.

Mrs. Chauncey Barton and daughter, Marion, of 136 River street spent Thursday with relatives in Worcester.

Mrs. Anna Shaffer of 14 Division street is the guest for a few days of her sister, Mrs. Horton Lee, of Sidney.

Arthur Seybolt is spending the week-end with his family, who are in camp on Lake Ontario near Brockport.

Mr. and Mrs. B. A. Heydrick of New York were guests Wednesday and Thursday of Mr. and Mrs. N. B. Chase, 35 Cedar street.

Mr. and Mrs. Allen H. Wattles, who had been visiting at the home of Mr. and Mrs. R. C. Briggs, returned to Elmira last evening.

Earle Elmore is taking a ten-day trip through New Hampshire and Vermont in the interests of the Elmwood Milling company.

Miss Angelina Weaver and Mrs. Sarah Akerly of Union Grove have been spending several days visiting among friends in town.

Mrs. George H. Brookley of Waterford, Me., Mrs. Earl Monk and Mrs. Mary Smith of Worcester, were in Oneonta Thursday for the day.

Mr. and Mrs. Reuben Edmunds and daughter, Ellen, have returned from West Hurley and Kingston, where they have been visiting friends.

Mr. and Mrs. William Crandall, Mr. and Mrs. Charles Hotaling and Mrs. George McDowell returned yesterday from an auto trip to the Thousand Islands.

Those desirous of entertaining these needy children, or of obtaining more information about the movement, are requested to get in touch with Everett Hicks at the Chamber of Commerce offices by letter or telephone, 828.

The hosts and hostesses of the fresh air children who have been reported to date are: Mrs. Katherine Blend, Mrs. M. E. Barstow and Mrs. Earl Barney of West street road; Mr. and Mrs. Lowell S. Huntington of Otego road, and Mr. and Mrs. O. T. Loucks of Davenport Center, two children each; Mrs. Emerson Rogers and Mrs. Floyd Barlow of Cooperstown, Mr. and Mrs. J. M. Fawcett and Mr. and Mrs. C. A. Blum of Otego road, Mr. and Mrs. Ansable of Winnie Hill road, and Mr. and Mrs. Fred B. Carr of Oneonta, one child each.

Both the bride and groom have made Hartwick their home for some time past. Mr. Eldred is employed at the Hartwick Christian parsonage last Monday evening, the ring service being used.

Both the bride and groom have made Hartwick their home for some time past. Mr. Eldred is employed at the S. N. Y. railroad. They will continue to make their home in Hartwick.

Miss Muriel Roberts of Gardner place, this city, left yesterday morning for camp Owassa where she and several other nurses will spend their vacation.

J. F. Beyer, wife and son, who had been guests at the home of Theodore Kohinckie, Chestnut street, returned Thursday afternoon to their home in Schenectady.

Mrs. N. Crozier and grandson, Donald Bishop, who had been visiting friends in Margaretville, spent Thursday night in this city en route to their home in Binghamton.

Mr. and Mrs. Frank Rolling of this city and Mr. and Mrs. Frank Anderson of Brooklyn have returned from a motor trip through the Adirondacks to the Thousand Islands.

Mr. and Mrs. J. J. Conner and son, Donald, and J. I. Roberts of East Meredith were visitors in the city yesterday, the gentlemen spending the afternoon very enjoyably at the ball game.

Edward Renton of New York, representative of the Keith Theatrical circuit, who had been visiting Mr. and Mrs. Arthur Young at the home above this city, left for home yesterday.

The bearers in Oneonta were Lester I. Skinner, Charles Chesebro, Elmer E. Joslyn, Arthur Dean, Elmer E. Kent and Walter Cain, all members of the Masonic order and of the brotherhood. Accompanying the body to Oneonta were his sister, Miss Nellie Swart, Mrs. Kethlyn and Mrs. Mumford, and Engineer W. Blake of Green Island as a representative of the brotherhood.

When All the World Was Young.

Wednesday was a red letter day for Virginia Elsie, daughter of Mr. and Mrs. Virgil Young of the Young homestead, for that afternoon she was five years old, and in remembrance of the event a party was given, at which thirty of her young friends were present, many of them accompanied by their mothers. The day was very pleasantly spent with dancing, music and games. Refreshments also were served, and all had the happiest of happy times.

Can You Beat This One?

A basket of 30 bulldogs was exhibited at The Star office last evening by C. E. Shaffer, Arthur W. Mead and J. R. Mead, who caught the fish at Portlandville. Twelve of the specimens weighed at least two pounds apiece. The men consult their catch the best to be brought into the city in some time and doubtless few will gain on them. It is certain that the water has rarely seen so many fine bulldogs in one catch.

Mr. and Mrs. Willis Hapeman of West Pittston, Pa., and Fred Miller of Plitston are guests for a few days of Mr. and Mrs. S. L. Johnson, 23 Maple street. They made the trip over the new Lackawanna trail.

Mr. and Mrs. James Spencer of Binghamton, who had been visiting relatives in Oneonta for a few days, left yesterday for a further sojourn with Sidney friends before returning home. Their daughter, Florence, will remain for a few days longer with her aunt, Mrs. Walter Kitchen.

Mr. and Mrs. John H. Cain of Independence, Kansas, are guests of Mr. and Mrs. W. I. LaReau at their home at 1 Center street, and at Canadraga lake. Mr. Cain recently completed a large contract in the oil fields at Mexia, Texas, and is enjoying his vacation in this section.

Mr. and Mrs. Emory D. House leave today by motor for New York city where they will spend a few days with their son, Dr. Leroy S. House, who is connected with the Staten Island hospital. Father and son will attend the ceremonial of Mecca Temple, Nobles of the Mystic Shrine, in New York on Saturday.

Ralph W. Murdock has returned from a two weeks' outing. Accompanied by Mrs. Murdock he passed a week at Lake Ozonia near St. Regis Falls in the Adirondacks, and a second week at the summer camp of Mrs. Murdock's brother on the St. Lawrence river, below Ogdensburg. Mrs. Murdock remained for a week's longer stay at the latter camp.

Truck Ride to Goodyear.

A truck ride to Goodyear lake will occur Wednesday evening, August 2, under the auspices of the Young People's Christian Union of the United Presbyterian church. Tickets at 30 cents each should be obtained from members of the committee before Monday night.

Largest Yacht on the Mississippi

The North Star, Dr. Wm. J. Mayo's \$100,000 yacht, just after it had been launched at St. Paul. It is 120 feet long, with a 22-foot beam, the largest screw-propelled boat on the Mississippi.

BENNY LEONARD DEFENDS TITLE

(Concluded from Page One.)

ed two more rights to the body. Leonard began jabbing away with his left and crossing with his right. Tender landed three hard lefts to the head. The arena was in an uproar. Leonard shot a volley of rights and lefts to the body and sent two sharp uppercuts to the jaw.

Round 7. Leonard predicted before the fight that he would win in this round. Tender hooked two lefts to the head. Leonard had the better of an exchange. Tender jabbed right to the body and hooked left to the head. Leonard sent two long rights to the jaw. Leonard accused Tender of hitting low. Leonard spat out a tooth. Tender sent lefts to the head. Leonard uppercut to the jaw and crossed a left to the body. Leonard hooked two rights to the jaw. Leonard was coming back strongly.

Champion Tunks to Tender.

Round 8. Tender jabbed with his right and crossed with his left. He landed two lefts to the jaw in a clinch. Leonard sent two hard rights to the body. Tender hooked three hard rights to the head. The champion, reeling from lefts and rights to the jaw, hung on and talked to Tender angrily. Tender ran the champion around the ring shouting to the referee that Leonard was holding. Leonard shot a left to the jaw. Tender smacked at the champion and took a hard left uppercut to the jaw. Tender pounded his left to the body and when the bell rang, Tender asked, "How's that?" "That was nice work," replied Leonard.

Round 9. Tender hooked his left to the jaw and body. Leonard landed a hard right to the jaw. Leonard landed a hard left to the body and hooked right to the jaw. He landed another left. Leonard sent a hard left to the jaw. Tender rocked the champion with a left to the chin. Leonard danced away grinning. Leonard sent a hard right to the body. Leonard uppercut sharply to the jaw with a right. Tender had

the advantage of in-fighting at the bell.

Round 10. Tender missed a right. Leonard hooked two rights to the body. He sent another and followed with a right to the jaw. He sent two short uppercuts to the jaw. Leonard jabbed lightly and then sent both fists to the face. Leonard kept leading and landed with his right and rushed Tender to the ropes. Tender fought back and sent three left hooks to the jaw. Tender backed away. Leonard jumped like a cat, smashing two rights to the jaw and sending the challenger to the ropes.

Round 11. They jabbed at long range. Leonard was short with two uppercuts. Leonard began his dancing tactics. He landed two right hooks, a short right uppercut, and left to the jaw. They exchanged a close together. Tender sent a series of lefts to the head. Leonard landed a tenish short uppercut to the chin and brought blood from Tender's mouth. They fought furiously at close range. Tender missed with his right. Leonard jabbed with lefts, and sent a left to the jaw, rushing Tender to a neutral corner.

Round 12. Leonard sunk a right to the stomach. Tender rushed in, landing lefts to the jaw. He swung a hard left to the jaw and right to the body. Leonard landed rights and lefts. Leonard had the better of a vicious exchange at close quarters.

Respect Due.

Jud Tunks says he has all the respect in the world for a man who likes money if he likes it well enough to work for it.

A Kansas Explanation.

No wonder a hen cackles. When she has laid an egg she has launched the potentiality of a son that never sets.—Abilene Reflector.

The American Family.

The average American family consists of husband, wife and two, and one-third children. The American family is growing steadily smaller.

VICINITY NEWS GLEANINGS

Happenings & Recent Date in Otsego and Counties Thereabouts.

Robert E. Lee Murphy, who is a candidate for congress in the 7th Kentucky district, is well known in Cooperstown, where he was a patient in the Aviation hospital at the close of the war. A chief plank of his platform is denunciation of partiality in the enforcement of the Volstead act through the "raiding of humble homes while large hotels and the homes of the rich remain undisturbed."

The eighth annual invitation golf tournament to be given by the Cooperstown Country club will be held August 17-19. Entries and fee of \$3 should be sent before August 16 to Waldo C. Johnston. The winning eight will compete in a match play for the Otsego cup and the losing eight for the Leatherstocking cup.

The proposition to dissolve the village of Downsville which was submitted at a special election on Tuesday, July 15th, was defeated. Fifty-four votes were cast in favor of dissolution and seventy-three against. The proposition to incorporate the village was carried at the election held in March, 1921, by a majority of nine. At the special election held on the 15th the incorporation was sustained by a majority of nineteen.

C. R. Collins of Smyrna was attacked by a 10-year-old bull recently and badly bruised. His cries brought his wife to the rescue with a pitchfork. She was overthrown, however, and both would probably have been killed had not Mrs. Collins' apron been caught on the animal's horns, which covered his eyes and attracted his attention from them, enabling them to get away. Both were under the doctor's care for several days.

Albert Emrich of Franklin recently shot a mink which had been freely helping himself to quite a number of chickens; Albert discovered fifteen which the mink had carried into a stone wall, and it is impossible to state definitely how many more he may have taken.

The Jefferson Welfare association announces a fair and old home day on Thursday, August 24. A committee of arrangements has been made and an interesting program will be given.

Rev. W. A. Beecher, a former pastor of the Presbyterian church at Worcester, died July 17 at his home in Sennett. Many readers will recall the tragedy of eight years ago, when his daughter, Lida, a teacher at Poland, was slain by one of her pupils, Jean Gianni. The murderer was found mentally unbalanced and is now confined in the Meterminate State hospital for the criminal insane.

A number of prominent Norwich men have interested themselves in the project for the establishment of a banking institution in that city. Chenango Valley Trust company is the proposed name and a capital of \$250,000 is suggested.

During the past year the Cherry Valley library has loaned 9,182 books and has added 276 new volumes to the collection. The total library expenses for the fiscal year were \$637.

HOSPITAL HEROES

AT WALTER REED

Ready to Give Blood to Those of Their Comrades Who Otherwise Could Not Be Saved

Washington, July 27. — Walter Reed General Hospital, here, at which so many wounded veterans of the World war have been restored to health, and at which there are still many patients, boasts of the strongest rosters in the whole army service. It is a list of men, hospital attendants, who are not only willing, but anxious, to give of their blood to those of their comrades who can be cured only by having injected in their veins the healthy red blood of a strong man.

There is a long list of these men, usually not less than 50, who have signified their willingness to give a pint or more of their rich blood to strengthen weakening soldier patients, and hardly a day passes, doctors say, but what there is a call for a transfusion.

When the physicians decide an ill patient is in need of new blood, a specimen of his is tested to determine which of the four classes of human blood he possesses. The test is then compared with those of the listed men, who have been previously examined, to find one that "matches" the patient. There are usually a number of each type on the list and the transfusion is quickly accomplished.

The men who volunteer for the charity are chosen among the clerks, ambulance drivers, special police, and others on active duty at the hospital. Of the five hundred men there, it is said, more than half have given blood.

Although elsewhere there is always a high premium paid to the donor of blood for transfusion, these men ask no payment, their only reward is a ten days' leave to recuperate, for the operation, especially if more than a pint is given, is very weakening on the system. For that reason only the strongest and healthiest men are picked.

No man is permitted to give his blood twice within two months, but often as there are calls for the service, there are always plenty of volunteers to keep the list full.

Must Pay for Property.

The Ontario & Western Railroad company must pay Charles Victor Livingston the sum of \$64,000 as the value of the land and buildings thereon in the village of Livingston Manor to which Livingston was given title by the courts in 1921. The commission appointed to fix the value of the land has announced its decision setting the valuation at the figure named.

Swarm of Bees at Hotel.

Among those present at the Commercial hotel at Cobleskill, last Wednesday morning, was a swarm of bees that alighted on a window ledge and took up their abode within the building.

Shopmen Reply to J. T. Loree

Say D. & H. Manager did not stick to facts in His Statement

CRITICIZE LABOR BOARD

Complain that Officials' Salaries Were Not Reduced—Avow Interest in Railroad's Welfare

The press committee of Oneonta shopmen last night gave out a statement answering the signed advertisement of J. T. Loree, general manager of the Delaware & Hudson Railroad Company, which appeared in all local newspapers on Wednesday, July 19. The strikers' answer to the managers' accusations is as follows:

"Mr. Loree does not stick to the facts when he makes mention of 'persons who fail to study the question,' 'misstatements of labor leaders,' 'the unfairness of the strike ballot,' and 'the matter of time and one-half for Sundays and holidays.' Likewise he deals in a fanciful manner with the subject of 'men getting paid for work they did not perform' and with 'the rejection of the labor board's decision by the shop crafts.'

"Mr. Loree failed to explain each article in a way that would have dealt fairly with the shop craft men. He might very well have mentioned the number of railroad companies that rejected again and again the decisions of the Labor Board, and in the end revolted from it. Nor is there any indication, in his statement, of the fact that these railroads in so rejecting and revolting were defying the government. That very few of the companies complied with the Labor Board's decisions is a fact of which Mr. Loree is fully aware.

"It appears that the Labor Board will sanction anything and everything that is desired by the railroad companies. They were condoned not only in the breaking of momentous decisions made by the board, but also in repeated infractions of the ordinary rules of conduct laid down by the board. We saw this very often in this section of the country.

"Furthermore, when the railroad workers of the United States received an increase in wages under federal control, the railroad officials themselves obtained a large increase in salary. But in the wage reductions of this year not one cent was taken from those salaries and in fact, new positions were created, with actual increases in some cases to pay for which there are only the earnings of railroad traffic.

"When any official is giving a statement for the benefit of the public he should give all the facts as to why expenditures on the railroads are so high and he should also include a comparison with the 'economy and efficiency' clause of the Esch-Cummins Transportation Act. We of the shop crafts will gladly assist in reducing expenses and in showing the way of building up the welfare of our employer always. Furthermore, we are capable of giving this assistance.
